

Review of the last year Oct 2021 – Sep 2022

Part One – Public Footpaths

Mid Lancashire Area

As per usual I will start with the good news – like this new gate.

Another new gate.

A replacement stile.

A replacement footbridge over a small tributary of the River Ribble – east of Penwortham.

Another view of the replacement footbridge.

New footpath signs show the email address for reporting issues.

It is unfortunately a repeat of previous years in that there seems to be more bad news than good news.

A broken stile.

Another broken stile.

And another broken stile.

And yet another broken stile.

And yet another broken stile.

Broken fence having fallen onto the footpath.

Broken board walk.

A hedge that has got out of control.

A tree that fell onto a footbridge.

End of Part One.

Part Two will look at 'Lost
Ways' and 'Coastal Access'
